I would like to get to know more about you. Is your child a boy or gir? How old? I can not have children that is why I am looking a woman that has one. I would make a very good father. Please send me your e mail address and IM so we can communicate. I will be visiting Philippines December. Paul

Hi

I wanted to write to you because we haven't had a chance to chat yet. I told you that i can not have children because i chose to have an operation years ago to keep that from happening after my divorce. I have two kids, both grown and on their own, and i didn't think I would want any more.

But now that i have decided to look for a wife i realized that she would want kids and that i cant do so i thought to find a woman with a child. would be a goo idea. I hope you will be satisfied with just one or we can adopt if you want more. I do have some concerns. I am a very out spoken guy and I do say what I want to know. So i will be froward in listing my questions and wants and hope you will be the same to me. I have found that some girls loose interest in sex once they have a child. I am very active and sexual and want a partner that is the same. So if you have become neutral about sex and have lost the strong desire to have sex then we wont make a good match. It is extremely important the my wife whats an aggressive very active open sex desire like me. Also one who will experiment with different possibilities about sex.

I am also very interested in a very clean wife one that will shave her body hair daily and wear make up and use creams to keep her skin soft and beautiful. i like a woman that will wear fashionable clothes but a bit on the sexy side. Like low hip rider jeans and low cut tops sometimes without a bra. I also like her to wear jewelry. I realize we will have to do a lot of shopping to get those things, but it will be fun to shop with you . You can be the fashion model and we can pick the clothes together. Sexy underwear is a must. I like lace and bows on panties and bras. I like to cook and would like to share that daily chore with you. I know you will be a mother during the day but i want you to be my sexy wife at night and when we go out. Do you think you can be both. I do because you are already beautiful and i'm sure a good mother

I know we have not even chatted but i hope that i didnt offend you in any way i just thought it is very important that you know what i want for my wife. If you find that you do feel like the same as me about this then I tthink we will have a happy life to gether. If you are conseritive then I dont think it wil be a good match, because I am not going to change what i want in a wife and i would not ask you to change if you did not feel the same way as me. Hope to hear from you. Paul

Hi

Sorry we haven't been able to chat but i still want to meet the two of you in Cebu. I plan on arriving there December 10 in the afternoon. I don't have a hotel yet but if you know of one that isn't real big i like smaller quiet hotels but must have air conditioning. Let me know if you know any that would be good. I already got a gift for Shannon that i am sure she will like. I sure hope you are available on the 10th and will be able to stay with me for a while. If we don't get to chat this weekend i will call you. Send some more pics if you can hon. I can't wait to meet the two of you. See yo soon. Paul

well i wrote a detailed e mail outlinging the jb and got a short little wise ass message in return. so far only used two of the pills and remie is the BEST by far. Maybe not the prettiest but makes up for it with enthusiasm and the desire to try anything over and over again. wore her young thing out right away though and had to resort to other methods hehe anyway ara is nice but no tits and I mean NO tits which is a shame because really petty and sexy but I cant get past just nipples

will meet a few more girls in the next few days. The real venture begins then because soo far the two i have met I have had a lot of contact with prior to coming here. We will see how coorporative the others will be. I will stay in cebu until the 27th ut ara is going home tomorrow and I wont se here again until the 24th. I will go to manila from here than bacolod and davao and that wioll be the trip ending up with remi for the last night in manila. proably 8 girls in all if it works out

Hope all is going good there looks like you have some work in front of you yet to do. Hope gwen can convert that drive rip out to a cut in and the back patio too. Take care hope thing are goding okay at home. xoxo dad

well i wrote a detailed e mail outling the jb and got a short little wise ass message in return. so far only used two of the pills and remie is the BEST by far. Maybe not the prettiest but makes up for it with enthusiasm and the desire to try anything over and over again. wore her young thing out right away though and had to resort to other methods hehe anyway ara is nice but no tits and I mean NO tits which is a shame because really petty and sexy but I cant get past just nipples

will meet a few more girls in the next few days. The real venture begins then because soo far the two i have met I have had a lot of contact with prior to coming here. We will see how coorporative the others will be. I will stay in cebu until the 27th ut ara is going home tomorrow and I wont se here again until the 24th. I will go to manila from here than bacolod and davao and that wioll be the trip ending up with remi for the last night in manila. proably 8 girls in all if it works out

Hope all is going good there looks like you have some work in front of you yet to do. Hope gwen can convert that drive rip out to a cut in and the back patio too. Take care hope thing are goding okay at home. xoxo dad

Hi Dad,
Would you consider going to this? It is on Halloween and I cannot go but I think it might be worth our while. I know listening to speakers is not high on the excitement list but I feel it might be beneficial. Please check out the link sent to me by the Chamber of commerce.

Thanks,
Gwen

Okay Gwen here is the story. I changed the guy 200 per wall crack one on each wall all hair line except the left wall as you enter the basement i charged him 400 to epoxy it from oth sided. I have no idea how we would do it maybe see what carter would charge to do them?? The rest is for floor crack 170 ft to grind epoxy and skim coat where crack is (like a crack repair) he knows that the prpair is not going to look pretty but wait till you se what i sthere now. I said we would put a color in the skim coat when we repaired crack. Right noe the patch is dark gray and really stands out. I think i was at like \$10 a foot to repair the floor but youshould charge more for outside and let him kno wthat the outside is less likely to stay for a long period with out a complete system. Also check about that drive way that i quoted rip out and also CTI the one that we did the fron steps. They wanted a quote on the back patio too. And have a chip on the front steps looks like from the movers.Small and easy fix The baseent is another inside job even though small Randy might want to lok at the cracks with Bobbby and get a price to inject ut dont let carter there y him self even when he is injecting I dont trust him'to take other usiness from the guy. DadXoXo
